HANDWRITING
3 delivered page(s) could not be screened for handwriting, because the way this file was read reports no word measurements. Nothing on those pages is stated to be typed or handwritten.

FINDINGS
- COMPLETENESS: at least 2 page(s) appear to be missing from the records as produced. See the gaps section below; this is a reason to go back to the records custodian.
- 11 page(s) were flagged as possible duplicates and KEPT for human review. No flagged page was removed.
- 3 page(s) had no readable service date and appear at the end of the bundle.

COMPLETENESS GAPS
At least 2 page(s) are missing from the records as produced.
* At least 2 pages produced by the records custodian did not arrive. Their stamps run PROD-000001 to PROD-000059, which is 59 sheets; 54 pages in this file carry a legible stamp from that run, and 3 pages in this file carry no legible stamp from that run and may belong to it.
any of these, not all: PROD-000002, PROD-000021, PROD-000026, PROD-000032, PROD-000039, PROD-000052
evidence: stamps PROD-000001-PROD-000059 = 59 sheets, 54 page(s) placed in it; 6 stamp number(s) unaccounted for, 3 page(s) whose own number could not be read, 1 repeated stamp reading(s)
(advisory) 6 stamp number(s) between PROD-000001 and PROD-000059 were not read anywhere in this file. Some may be present on pages whose footer was illegible.
any of these, not all: PROD-000002, PROD-000021, PROD-000026, PROD-000032, PROD-000039, PROD-000052
evidence: sequence PROD-000001 to PROD-000059

MENTIONED IN THE RECORDS, NOT FOUND IN THIS SET
  This check listed no mentioned documents or visits as not found in this set.
  This check reads typed and printed text in English. Handwritten notes and Spanish-language pages may mention documents it does not catch.
  3 page(s) in this set carried no readable text and could not be checked against the records' mentions.

NOTICE
This bundle is machine-organized and requires review by the receiving licensed professional before use. Pages flagged below were not removed and must be inspected.

Borderline duplicates are KEPT and flagged. A wrongly removed unique page is the one unrecoverable error in this pipeline.

PROCESS
  Human-verified, every fact cited to source.

LEGEND
Clerical organization only - for attorney/administrator review. Not for use in QME/AME med-legal report preparation (Lab. Code § 4628).
